

Murder in the Township

A killer walks among you. One has fallen.
One hides in the shadows.
Use your wits, ask the right questions,
and uncover the truth before anyone else.

A GAME OF DEDUCTION, DECEIT & DEADLY SECRETS

Solve the Case

- ☐ The Murderer
- ☐ The Prime Suspect
- ☐ The Weapon
- ☐ The Motive
- ☐ The Location

1 SETUP

- Separate the deck.

- Secretly choose and remove from the game:

- Shuffle the remaining Suspects (14) into a Suspect Deck.

- Shuffle all remaining Weapons, Motives & Locations together. Deal these cards as evenly as possible between all players and the Investigation Deck.

- Reveal one of the two removed Suspects. This is the VICTIM.

- Reveal the top card of the Investigation Deck. This is the first piece of EVIDENCE.

CREATING WORDS

When discussing Weapons or Motives, remember the CARD NUMBER is the exact length of the word, and the SUIT gives you the theme. Be creative and thematic!

EXAMPLE

→ HAMMER (6 letters)
Theme: Hate / Violence

2 PLAY

- Play proceeds in rounds.
- Starting with the first player and moving clockwise, each player takes ONE action:

ASK A QUESTION

Ask any one player about the most recently revealed card (the current evidence). Your question must relate to that card's theme.

If the evidence is a WEAPON (6♠)

"Do you have anything about Hammer?"

If the evidence is a MOTIVE (5♦)

"Do you have anything about Greed?"

If the evidence is a LOCATION (2♣)

"Do you have anything about the Forest?"

If the evidence is a SUSPECT (Q♥)

"Do you have the Queen of Hearts?"

If the player has one or more matching cards, they must reveal EXACTLY ONE of them to you.
If they have none, they say "No."

→ AFTER EVERY PLAYER HAS TAKEN A TURN:

- Reveal the next Suspect from the Suspect Deck (if any remain). They are another VICTIM.
- Reveal the next card from the Investigation Deck. This is the new EVIDENCE.

3 ACCUSATION

On your turn, you may make an accusation instead of asking.

State your accusation, then a player privately checks the hidden cards.

CORRECT!

You have solved the case.
You win!

INCORRECT.

You are eliminated from making future accusations, but continue answering questions.

ROUND EXAMPLE

ASK. LISTEN. DEDUCE. ACCUSE.
SOLVE THE MURDER.

In this town, secrets are many... but the truth can be deadly.
